Become a Library Trustee

<http://www.ilovelibraries.org/get-involved/become-library-trustee>

Library trustees are powerful advocates for libraries. Through the coordination, hard work, and determination of trustees, new libraries have been built, budgets have been restored and increased, and new respect has been generated for the powerful role libraries play in communities and on campuses. As part of a trustee board, trustees serve on a volunteer basis, can be elected or appointed to a library board for a period of time, and are tasked with the duty of helping to direct the funds and policies of an institution. In general, the library board of trustees has a role in determining the mission of the library, setting the policy that governs the library, hiring and evaluating a library director, and overseeing the general management of the library. This role varies with every library system. For specifics on the role your board of trustee has, contact your local library.
