If you select “Checked Out” from the Library Dashboard or the blue menu in the upper right of the screen, you will see a list of items you currently have checked out.

This page will also show your due date and how many days you have left in your borrowing period. As you near your due date, the borrowing period will turn yellow/orange and then red.

You can renew from this page as you reach the end of your borrowing period, though most items will auto-renew without you needing to do anything.
